## **THE ACADEMY TRUST POLICY STATEMENT ON EQUALITY AND COMMUNITY COHESION**

Our Academy Trust is committed to equality both as an employer and a provider of services:

- We try to ensure that everyone is treated fairly and with respect.
- We want to make sure that our academy is a safe, secure and stimulating place for everyone.
- We recognise that people have different needs and we understand that treating people equally does not always involve treating them all exactly the same.
- We recognise that for some students, extra support is needed to help them to achieve and be successful.
- We try to make sure that no-one experiences harassment, less favourable treatment or discrimination because of their age; any disability they may have; their ethnicity, colour or national origin; their gender; their gender identity or re-assignment; their marital or civil partnership status; being pregnant or having recently had a baby; their religion or beliefs; their sexual identify and orientation.

We welcome our general duty under the Equality Act 2010 to eliminate discrimination, to advance quality of opportunity and to foster good relations and our specific duties to publish information every year about our academy population; to explain how we have due regard for equality and to publish equality objectives which show how we plan to tackle particular inequalities and reduce or remove them.

We also welcome our duty under the Education and Inspections Act 2006 to promote community cohesion. Our new all-through campus which opened in September 2013 includes, an early year's unit, primary and secondary sites, community rooms, sports facilities and halls which are used by both the school and the local community.

We welcome the emphasis in the Ofsted inspection framework on the importance of narrowing gaps in achievement which affect, amongst others:

- Students from certain cultural and ethnic backgrounds.
- Students who belong to low-income households and students known to be eligible for free school meals.
- Students who have a disability.
- Students who have special educational needs.
- Boys in certain subjects and girls in certain other subjects.

## **INFORMATION ABOUT THE STAFF & STUDENT POPULATIONS**

Detailed information about the profile of statutory primary aged pupils can be found in annexe A to this report; for Aylesbury Vale Academy students in annexe B and for all staff in annexe C.

## **OUR MAIN EQUALITY CHALLENGES**

This is a summary of the issues that we are most concerned about. We are already developing strategies and interventions to tackle some of these concerns.

For some of these issues we have also set out and published **equality objectives**. Details of these are set out at the end of this report.

- Achievement for disadvantaged students from low income families.
- Provision for students for whom English is an additional language.
- Creating a climate of understanding and acceptance by all students of those with differences – special educational needs, emotional needs, range of backgrounds and family circumstances.
- Training for staff and governors on Equality and Diversity issues.

## HOW WE HAVE DUE REGARD FOR EQUALITY

The information provided here aims to show that we give careful consideration to equality issues in everything that we do.

Academies/Schools are required to have due regard to the need to **eliminate discrimination, harassment and victimisation** and other conduct that is prohibited by the Equality Act 2010.

The information below is a summary of how we are aware of this particular requirement and how we respond to it. Please contact us if you would like to see copies of any of our academy policies.

- We are aware of the requirements of the Equality Act 2010 that it is unlawful to discriminate, treat some people less fairly or put them at a disadvantage.
- We aim to provide training for our governors and staff on the Equality Act 2010. When governors consider equality issues in relation to policies, decisions and services, a record of this is kept in the minutes and papers of governing body meetings.
- We try to keep an accurate record, when possible and appropriate, of the protected characteristics of our students and employees.
- We have an academy behaviour policy that treats all students fairly and takes into account their many differences, including culture, ethnicity and ability.
- Our robust stance on bullying is included within our behaviour policy that provides a focus on mutual respect, good relations between boys and girls, and an absence of prejudice-related bullying, including discriminatory and offensive language.
- We deal promptly and effectively with all incidents and complaints of bullying and harassment that may include cyber-bullying and prejudice-based bullying related to disability or special educational need, ethnicity and race, gender, gender reassignment, pregnancy or maternity, religion and belief and sexual orientation. We keep a record of all such incidents and notify those affected of what action we have taken. We provide training to all staff in relation to dealing with bullying and harassment incidents.
- We have an SEND policy that outlines the provision the academy makes for students with special educational needs.
- We have an accessibility plan that supports all members of our academy community to reach their potential through full access to all areas of academy life.
- Our admission arrangements are in line with those of the LA, giving priority to students with special educational needs and those in care.
- Our complaints procedure sets out how we deal with any complaints relating to the academy.
- We aim to observe and implement the principles of equal opportunities and non-discrimination in our employment practices.
- We have procedures for addressing staff discipline, conduct and grievances.

- We have a staff code of conduct that states clearly that discrimination or prejudice of any kind will not be tolerated.

### **OUR EQUALITY OBJECTIVES**

The Equality Act 2010 requires us to publish specific and measurable equality objectives. Our equality objectives are based on our analysis of data and other information. Our equality objectives focus on those areas where we have agreed to take action to improve equality and tackle disadvantages.

#### **EQUALITY OBJECTIVE 1:**

To develop premises which are fully accessible for students, staff and all members of the community.

##### **Progress we are making on this objective**

We moved into our new buildings in September 2013 which are fully accessible for students, staff and members of the community. We have completed “community user agreements “to make areas of the premises extensively available for the local community out of hours and have a dedicated community suite which is used throughout the day. Our facilities are available for use within the community and we have a Lettings Policy and Lettings Manager who advertises this service within the community and maintains contracts with local Church groups, sports teams etc. Our PTA makes regular use of the facilities for whole school events and consideration is made for those with additional needs – for example providing a quiet area for our children with ASD at the KS1 Disco.

#### **EQUALITY OBJECTIVE 2:**

To recruit and train an inclusive and diverse workforce which is appropriately developed to ensure that each individual has the opportunity to reach their full potential.

##### **Progress we are making on this objective**

We have modified our equality monitoring form which is completed by every job applicant to the academy. This data helps the governing body to determine that it is attracting applications from all groups. The governing body also now monitors the training undertaken by all staff to ensure equality of opportunity for all staff.

#### **EQUALITY OBJECTIVE 3:**

To use data to improve performance with regard to attainment, inclusion, equality and diversity.

##### **Progress we are making on this objective**

Attainment, progress, attendance and exclusion data is reviewed by the SLT on a termly basis. This information is shared at each Full Governing Body meeting and is subject to firm scrutiny from all Governors. Groups at risk of underperforming are clearly identified and interventions are put into place to address the areas of need. The quality of teaching is subject to similar scrutiny. SLT carries out frequent learning walks, book scrutiny’s and lesson observations to ensure that the quality of lessons remains high and inclusive to the needs of all pupils. In each classroom, yellow folders allow staff to consistently identify pupils with additional needs, outlining the strategies and support required to ensure these pupils meet their full potential.

#### **EQUALITY OBJECTIVE 4:**

To carry out equality impact assessments on all academy policies.

##### **Progress we are making on this objective**

All academy policies have been reviewed since September 2016 and endorsed at Governing body meetings. All policies are subject to an equality impact assessment to ensure that no groups would be disadvantaged by the policies. This remains an on-going process as policies are reviewed.
