Tutor Groups

In order to provide a clear focus on the highest levels of achievement for your child, the Academy has a horizontal tutoring system. This enables experienced tutors to help students develop the skills relevant to their age group, allowing them to become confident and knowledgeable learners.

Our tutor programme ensures that students have the best possible start to the day. Students are involved in activities such as reflection, year group assemblies, literacy and numeracy activities, debating and discussion. We also use this time in the day to answer any questions students have resolve any issues and to check uniform and equipment.

Behaviour for Learning

We have very high expectations of behaviour based on our values of Respect, Aspiration and Resilience. We believe that good behaviour leads to good academic achievement, welfare, wellbeing and all aspects of learning

The AVA Curriculum

The Aylesbury Vale Academy (AVA) is an all-through academy and the curriculum we follow develops and grows with our students as they move from primary school into secondary school. The aim of this curriculum is to provide a broad, balanced and ambitious education which prepares our students by giving the best possible chances for their future life choices and helping them to discover their role in society, where they will make valued contributions. In order to meet these aims the AVA curriculum has been designed to have three threads running through it which we refer to as the 3 Cs: **Cognition**, **Culture** and **Core**.

We believe that the 3 Cs are integral to meeting the needs of our students. AVA is a large community and our students benefit from being taught how to become effective independent learners. The AVA Curriculum aims to teach students how to learn effectively and with an ever-increasing degree of independence.

The Cognition Curriculum

The Cognition Curriculum teaches students how to become effective learners by developing the key skills of **Reciprocation**, **Resilience**, **Resourcefulness**, **Reflectiveness** and **Recall**. We teach these skills explicitly because they help our students become faster, better and more confident learners.

The Culture Curriculum

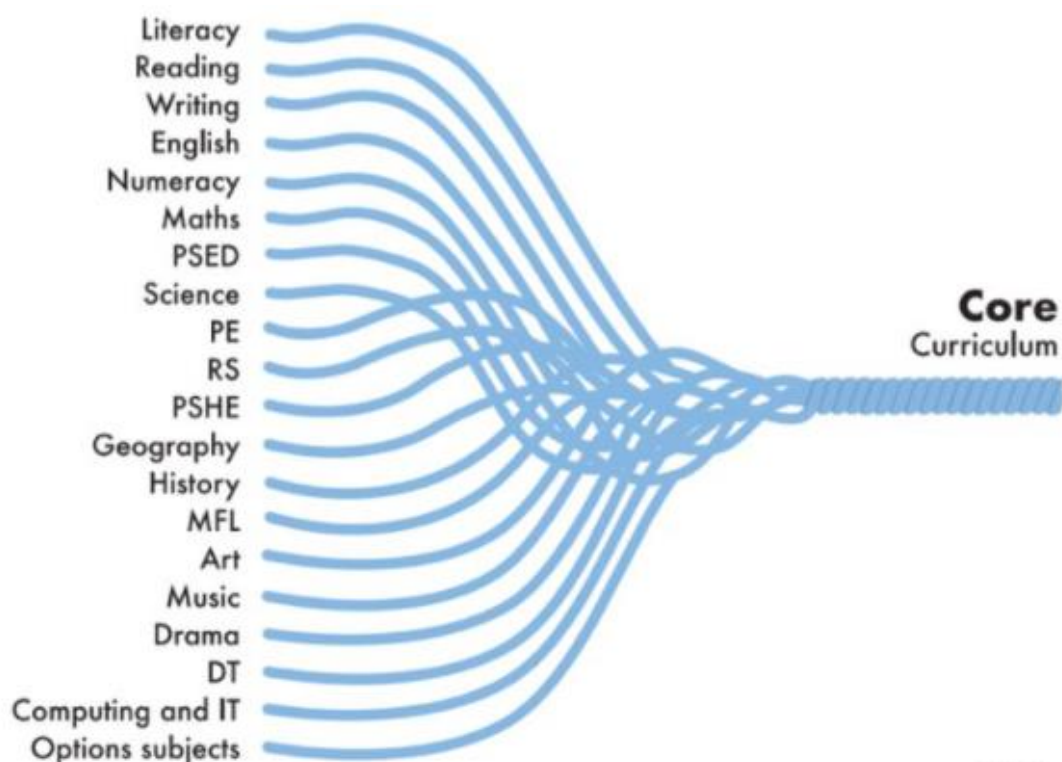

The Culture Curriculum is what we add to the National Curriculum to develop AVA students into well-balanced citizens and it is underpinned by our drive to ensure our students read widely and regularly, both for enjoyment and to learn. Students take part in local and international visits, can access a wide range of clubs, and meet regular visitors and speakers to stretch their learning.

The range of activities on offer runs not only through the different core curriculum subjects but also as after school clubs in Years 7-8 as well as our Extended Schools programme for Years 9-11.
