Tense

Science

Properties and changes of materials.
Pupils will be taught to compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets.

RE

Understanding Different Cultures (Islam)
Pupils will explore *The Last Piece of Paper in the World*, considering the rules within the Qur'an and discussing whether such rules impact upon greater understanding and awareness within the *Black Lives Matter* movement.

Maths

Number and Place Value, addition, subtraction, *problem solving*

Links in Learning

As part of their topic work in Year 4 children looked at the Roman invasion of Britain and its impact. They also created a diary entry from the point of view of a Greek soldier and looked at Roman Mosaics.

Art and Design

Pupils will learn basic stitching techniques, drawing inspiration from the quilt which covered Martin Luther King's coffin.

Languages Spanish and French

Children will be taught to;
Read carefully and show understanding of words, phrases and simple writing.
Pupils will be taught to develop pronunciation of key vocabulary.

History

Pupils will explore black history, both within our own country's history and further afield, from slavery to modern-day issues.

Music and Dance

Pupils will be taught to appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions focusing on African drumming, African call and response songs and tribal dancing.

Develop an understanding of the history of music.

Computing

Pupils will develop their typing skills and explore E-Safety.

PE

Pupils will develop teamwork skills and work on skills and accuracy in throwing and catching through a range of games.

PSHE

Celebrating Differences – to explore differences in people's race, religion and appearance and to recognise examples of bullying.
