

# The Aylesbury Vale Academy

RESPECT | ASPIRATION | RESILIENCE

**30<sup>th</sup> November 2022 -Home Learning**

## **Maths**

Please practice your number bonds to 10 eg:  $6+4=10$ ,  $2+8=10$  etc....

Can you write all the number bonds to 10 that you know? You could use objects around the house to help you eg: buttons, cutlery or socks.

## **English**

Can children think about the Nativity story we have been looking at and talk about the different characters? Can children then draw one of the characters from the story and write adjectives (describing words) around the character. For a challenge are they able to write a sentence using the adjectives they have come up with about their character and using the conjunction and. For example "The sheep are fluffy and white."
