Bucks Skills Show 2022

Inspiration

As THE Bucks careers event of the Year, this is not to be missed! With over 120 businesses/organisations attending, we're excited to welcome young people and parent carers in March. At a venue synonymous with Excellence and Innovation, our huge marquee, will look impressive and feel right at home at Westcott Venture Park! We will be welcoming school groups across the 2 days and on Wednesday 9th March doors will be open from 4pm to 7pm to welcome young people and parent carers.

Careers in the Age of Covid

Careers Guidance

In an ever-changing world, the future can feel more uncertain than ever before. Even if you have ideas about what you would like to do in the future, searching for the right next step can feel daunting or even overwhelming. This is why we have come up with 6 tips to help you take back control and create positive and productive steps towards your future.

National Apprenticeship Week

Apprenticeships

The Bucks Skills Hub are organising two live online evening sessions, hosted by Speakers for Schools. Wednesday 9th February, 6-7pm, KS3 students and parents as well as the Thursday 10th February, 6-7pm for KS4/5 students and parents. Janseen, Cisco, Morgan Sindall and CapGemini are among the companies joining us. Amazing Apprenticeships will provide the context, the different levels of entry and how to apply, with current apprentices joining us live to share their experiences and take questions.

The Sutton Trust US Programme

University

The Sutton Trust US Programme helps state school students in the UK to explore higher education and US culture. The programme includes UK-based residentials before all students get to visit US universities in the summer of 2022. There is also an option for the programme to support students to apply to US universities alongside their UCAS options.

National Grid Apprenticeships

Apprenticeships

A National Grid Apprenticeship isn't just about getting a job – it's an opportunity to join a new generation of talent, charged with shaping the future of energy. The apprenticeship programme will help you develop your skills through a combination of practical work and academic study, generating the passion, skills and knowledge you need to power all our futures.

Craft Engineering: What is it exactly?

Apprenticeships

When you first hear of a Craft Engineer, you might think of someone who creates things for the likes of Hobbycraft or a local brewery. But neither of those are correct! Can you guess what they do? Here's a few clues...engines, appliances, medical equipment...

Vodafone Coding Workshops

Work Experience

Businesses are starting to understand the important role girls and women have played throughout the history of science and technology. Despite this, both in education and the workplace, females are still hugely underrepresented in science, technology, engineering and maths (STEM) fields. That's why in 2017, Vodafone launched their #CodeLikeAGirl programme in partnership with Code First:Girls to provide a free, 3 day coding workshop to girls aged 16-18 from 26 countries across the world.
