1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Actively promote disability equality and make reasonable adjustments to ensure that those with disabilities are able to access the curriculum
- Improve the physical environment of the school to enable disabled students to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled students

Our school aims to treat all its students fairly and with respect so that they are able to achieve today and amaze tomorrow. This involves providing access and opportunities for all students without discrimination of any kind, enabling our learners to reach and exceed their potential.

This policy supports the Academy values of faith, respect, aspirations, service, creativity and equality.

The plan will be made available online on the Academy website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns. The complaints procedure is available on the Academy website.

We have included a range of stakeholders in the development of this accessibility plan, including: students, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled students. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

3. Action plan

As a new building, The Aylesbury Vale Academy was designed and built with accessibility in mind however, anticipation and regular review are essential in order to maintain the highest standards of inclusivity. This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
