

Half Term Challenge

Tell us a story...

Over the past few weeks you have been able to watch your teachers reading stories on the school website.

Now it's Your turn...

We challenge you to tell us a story in the most interesting way you can think of.

You can tell us a story written by someone else, maybe a book you like to read at home?

You could write your own story to tell.

You could read us your story or be more adventurous and put on a performance.

You could use Lego animation, make a mini theatre and puppets
or dress up and act the story.

Little Angel Theatre have some amazing ideas for retelling stories. You can find these on their website at

<https://littleangeltheatre.com/schools-and-community/at-home-resources/activities-ages-3-6/>

When you have recorded or taken a picture of your story (you can do this on a phone) you can send it to us at the school and we will pick some winning entries. If we have your adult's permission, we may even put some on the AVA website! We hope you have lots of fun!
