## NEW CATERING MENU

On Monday 27<sup>th</sup> February, the Academy is launching a new menu for secondary students which is focussed on stronger nutrition, quality and value for money. Working with our catering provider, Herts Catering Ltd, we have sought revisions to the break and lunch time menus focussed on:

- A higher level of protein and vegetable versus the proportion of carbohydrate and fat.
- A significant reduction in the offering of items with high sugar content.
- An improvement in value for money facilitated by the offer of meal deals at the standard price of £2.50.

We believe that the new offering will achieve these improvements while at the same time remaining attractive to students.

We encourage all students to try the new menu which we believe will sustain and help their learning through the school day.

Examples of the New Meal Deals are as follows:

### New Meal Deals
