## MATHS

### Maths Number – Place value

Identify, represent and estimate numbers using different representations.

Find 10 or 100 more or less than a given number; recognise the place value of each digit in a three digit number (hundreds, tens, ones). Number – addition and subtraction

Add and subtract numbers mentally, including: a three-digit number and ones; a three-digit number and tens; a three digit number and hundreds.

Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction.

Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in context

## SCIENCE

*Pupils will be taught to:*

- Identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat.
- Identify that humans and some other animals have skeletons and muscles for support, protection and movement.

## PE

Play competitive games, Rugby, Netball, Invasion games focusing on attacking and defending.

## ICT

- *Pupils will be taught to;*
- Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.

### LINKS IN LEARNING

- The History work this term builds on the work from Year 1 and 2 where they studied important historical figures and local geography. In Year 4 children will go on to look at habitats and food chains and digestion and teeth as well as planning, resourcing, building, testing and evaluating their own shield.

# Year 3

Autumn 1  
2023

## Through the Window

### WOW MOMENTS

- **Walk around school site to create maps**
- **Planting**
